**LUIS YAÑEZ SUASNABAR**

La Habana, 2/14/1920 – 10/1993. Composer, he felt identified with the Filing movement in the late 1940's. Almost all of his works were in collaboration with Rolando Gómez. One of his most recognized compositions were "Oh vida, Me miras tiernamente, Enamorada y Déjame que te olvide". But it seems that he also wanted to do this rehearsal with rock, as a performer.
